**Coach Notes:** A 2nd, 3rd, and 4th is a very strong showing from our team today! Our Conference has become one of the toughest in the state, and our depth has gotten so strong that we are competing with top teams in all races! We ran strong today, despite knowing the course was slopping and very soft in some areas. Never count yourselves out of achieving a PR, but recognize when the times might not reflect the reality of the races. We are proud of you for running with your teammates, making moves, and staying focused throughout the races. This was one of our strongest showings all year, so it was a great way to finish our entire team season! Keep working hard, whether you are done racing or not, and great things will still be happening for us! Go Wolves!
